

**THE UKRAINIAN COMMUNITY OF GLEN SPEY
REMEMBERS THE HOLODOMOR
AN EDUCATIONAL EXHIBIT**

SATURDAY NOVEMBER 5 2PM
AT THE NARROWSBURG UNION
7 ERIE AVENUE, NARROWSBURG, NY

This year marks the 90th anniversary of the commemoration of the Holodomor (1932-1933) – the Famine- Genocide that resulted from policies implemented by Joseph Stalin and the Soviet regime in 1930s Soviet Ukraine. We remember the millions in Ukraine who became the victims of this regime. Ukraine today is once again fighting for survival against the same aggressor with the same intention to destroy Ukrainian culture, language, religion and identity as a separate people and a sovereign nation in Russia's invasion of Ukraine (2014) and full-scale war (2022).

The community is invited to join us in commemorating and learning about this man-made famine/ genocide which killed millions of Ukrainians under the Soviet regime.
